

Chicken toucher Jamal

It first started when he signed a contract steven gave him steven will be in another doc but for this doc is focused on Jamal first his name was noah but when he signed the contract now his name is Jamal and it will stick to that name as of 2026 right now so Jamal has a gang the gang name is unknown and his phone number is unknown he touches little chickens and wiped out 100 chicken farms the police is currently searching for him right now the ice agents are ready to deport him and if anyone has seen him please call 911! And if you Jamal in public or on recordings say he doesn't do sexual thing's to little chickens but don't trust what he says just turn him in and he does drugs with his gang and sells drugs as well he makes good profit off of it more then enough to keep the average person stable.

This is proof of Jamal touching a little kid when she was walking back home this shows proof that Jamal is a kid toucher and there is more pictures that we can't show.

This is a image of Jamal trying to rizz up a little kid but as you can see it's not working very well.

And this is an image of Jamal not letting me look at his phone he must be on chicken hub in this case

But we still do NOT Know.
